COMMENTS FROM THE TOWN MANAGER'S OFFICE

At the annual town meeting $500.00 was appropriated to make repairs to the rear of the Fire Station. As the clapboards were in such poor condition it was decided to remove them and replace with an insulated siding. The trim is being painted white and repaired where needed. The metal roof shows considerable rust and will be painted with asphalt aluminum paint. Harold Rolfe has been engaged to do the repair work.

This project will take care of the needed repairs on that portion of the building directly in the rear of the Fire Station, but there will not be enough funds left to paint that portion of the building to the rear of the Community Room. This part can easily go until next year and should be considered in the 1959 budget.

Surplus food is being distributed this week to eligible persons. Corn meal, rice, cheese, and dry milk were distributed.

Notices to those persons who have not paid their 1958 dog license will be mailed in the near future. As this is a minor matter a notice is mailed, although it is not required by law, before the list of owners who have not paid the required tax are turned out to the Dog Constable.

Sincerely,
Harold L. Bean

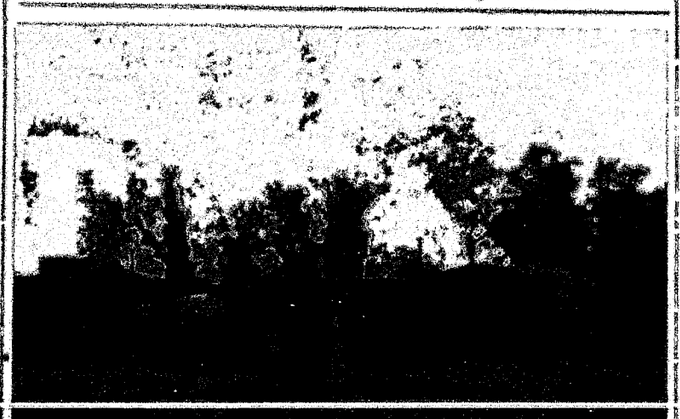
BETHEL GIRL INJURED AT BASEBALL GAME TUESDAY

Rhonda Parker, daughter of Mr. and Mrs. Guy Parker, Jr., received a blow in the forehead while attending a baseball game at West Bethel Tuesday evening. A weight from a baseball bat flew and hit her, making a severe cut. Dr. Lanni took eight stitches.



NEW PLANT of Bethel Dowel Corporation at Skillingston under construction on site of mill which burned Oct. 3, 1957. It is expected to be completed and in use next month. The company has operated since last fall in the Grafton Lumber Co. planer mill on the Locke Mills road.

SUNDAY RIVER SKIWAY PROGRESSES

The Sunday River Skiway took its first major physical step toward reality this past week end when a group of fifteen volunteers led by Addison Saunders and Murray Thurston spent Saturday and Sunday clearing the lift line. In spite of very unfavorable weather conditions the group succeeded in clearing all bushes and trees from a strip 25 feet wide by 1500 feet long. The group consisted of Ernest Angevine, Joe Hillier, Rolly Glines, Wilbur Myers, Phil Chadbourne, Ted Chadbourne, Bob Morton, Dick Bryant, Jack Trimward, Dick Young, Avery Angevine, Donald Angevine, Paul Bodwell, Paul Kenney, Charles Rawson, and Merle Chambers.

The preliminary clearing of the lift line is necessary before an accurately engineered profile can be run by transit. This will enable a firm price from lift manufacturers. While a rough profile was taken which was submitted to several lift manufacturers making it possible for them to estimate the price of a lift, the estimates of course were set high enough to compensate for any unforeseen construction difficulties. It is expected that the final figures will be lower than the original estimate. One interesting sidelight on this is the fact that Mr. Pomagalski from France, the builder of the Poma-Lift, climbed the mountain last week and then lowered his price approximately $5000. He stated in a letter that he had never seen a mountain which would require so little slope modification for a lift installation.

One other item of physical progress that has been made recently is that the access road has been graded by Addison Saunders and Clifton Jackson. This road was washed somewhat by the heavy rains this past week end but is still passable by jeep to the base area, and it is hoped that it can be regraded again shortly. It is planned to erect signs very soon directing traffic from the Gehue River road to the base of the lift line.

Plans were discussed by the directors at their regular Monday night meeting to continue this volunteer work every Sunday until the 25 foot strip is cleared to the top of the mountain. Anyone who is willing to donate a day's work for the development of the project will please contact Murray Thurston.

He was born in Bethel Nov. 20, 1898, he was the son of Charles Vernon and Clara Morrill Abbott. He was a life-long resident of this town.

Mr. Abbott married Mary Grover, of Errol, N. H.

He was a member of the Chamber of Commerce; Lions Club; director of the Bethel Savings Bank; and for 24 years served as a selectman in this town.

Surviving besides his widow are two daughters, Mrs. Marilyn Gilbert and Mrs. Joyce Bennett, both of West Bethel; a brother, Byron Abbott of Portland; and five grandchildren.

Services will be held at the West Bethel Union Church, Friday, at 2 P. M. Rev. Grant Kirker officiating. Burial at Pine Grove cemetery, West Bethel.

HALE'S 1956 ELECTION CONFIRMED BY SUB-COMMITTEE TUESDAY

Robert Hale, Republican Representative to Congress from the First Maine District was named by a House elections sub-committee Tuesday as winner in the September 1956 election. His reelection had been challenged by Democrat James C. Oliver, who had once held the disputed seat as a Republican. Oliver and Hale are again opponents in this year's election.

The sub-committee was unanimous in reporting that Mr. Hale is entitled to the seat which he has been holding for his ninth consecutive term.

In the 1956 election Hale was declared winner by 29 votes. The sub-committee which has been inspecting disputed regular and absentee ballots, found that Hale received 68,624 and Oliver had 67,913 votes, a difference of 111 rather than the orginally declared 29.

The sub-committee findings will now go to the full House Administration Committee which will make its recommendation to the House for seating Congress.

BENSON BARN BURNS AS LIGHTNING STRIKES

The barn of Frank Benson at Northwest Bethel was burned to the ground early Saturday evening during a heavy electrical shower. It was believed at first that lightning struck the house and the the barn was ablaze when the fire was discovered. The telephone line being damaged at the same time, Bradley Benson drove to Bethel village to report the fire.

On arrival of the fire department the fire was far beyond control. Lost in the blaze were farm machinery, tractor parts, a hot water tank and Bendix washer. A four-wheel drive station wagon was damaged before removed from the barn.

The loss was estimated at $5,000, with partial insurance coverage.

The Benson home is the former Frank Brown place, and was occupied by the Brown family for many years before they moved to the J. A. Brown home near the Gilead line.

SECOND ZONING MEETING THIS THURSDAY EVENING

The second public meeting for discussion of the proposed zoning ordinance will be held at 8 o'clock this Thursday evening at Odeon Hall. Following suggestions offered at the first meeting on June 13, the committee has revised the measure as originally prepared. It is hoped that more interested will be shown at this time and that constructive criticisms and practical suggestions will be offered. This is not a meeting for voting on adoption of the ordinance.

50th WEDDING ANNIVERSARY

Mr. and Mrs Jasper Cates celebrated their 50th anniversary at Open Door home in North Waterford on July 23.

The matron, Mrs. Hazel Allen, held open house for them.

A three-tier cake, made by the matron and beautifully decorated with roses and snapdogs, was served with punch, cupcakes and candies.

They received gifts from their relatives and the Open Door family. They also received cards of congratulations from their many friends.

They were especially pleased with the beautiful bouquet of flowers sent by Pocket Rebekah Lodge No 64 and the corsages donated by Coburn's flower shop.

They wish to thank each and everyone who made the occasion such a pleasant one for them.

The Week in Oxford County

George Farrar, Rumford, and James Hunt, of West Peru, were hospitalized Friday from serious injuries received when the car in which they were riding crashed into a tree on Bridge St., Mexico. The car was reported demolished.

Recently announced names on the Dean's List, University of Maine, for the spring semester, included the following from Oxford County: Bethel, Ann L. Hastings; Brookfield, Samuel G. Warren; Dixfield, Laurel L. Kelliher, Marilyn Jennie, Rose Ann Merrill, Marvin H. Shields; Lovell, Francis E. Gilman; Mexico, Gerald L. Robertson, Gerald F. Dorion, Norine E. Hunt; North Fryeburg, Paul S. Andrews; Norway, John M. Gallagher, William J. Shirley, Linda L. Ashton, Lawrence F. Barker; Oxford, John C. Quinn, III, Gail R. Greenleaf; Rumford, Douglas K. Morton, Edward L. Touchette, William F. Mearns, F. Murray MacDonald, David S. Brenn, George H. Bourassa; Rumford Point, Rose A. House; South Paris, Murray E. Shaw.

Miss Myrna M. Donahue of Dixfield is a member of the Women's Army Corps. She is stationed at Fort McClellan, Ala.

A tennis tournament is planned by Mrs Joan Leigh, instructor for the summer recreation program, beginning Monday. Matches are being played this week, Tuesday thru Thursday evenings, on the high school courts. Finals are scheduled for next week.

Three cars were in collision on Route 2 Sunday near the entrance to the Wild Animal Farm, Rumford. Five persons were injured. Most seriously hurt were Mrs Florence C Fishman of Chicago, Ill., and Mrs William Roberts of Norway. Mr. Fishman and Mr Roberts suffered fractures, cuts and bruises. Mrs. Veronica Skinner of Ontario sustained a knee injury.

The annual fishing derby was held at Roxbury Pond, Sunday. The River Lake Camp Owners' Association, composed of 150 members, operate this event.

It is reported that three forged checks were passed and cashed during Friday and Saturday in Norway and South Paris. The checks were drawn on the Norway National Bank, made out to George Small and signed by Mary Thurston. The signature is reported not hers. The sheriff's department is investigating.

Anthony J Tonto of Rumford was the low and successful bidder on construction of the Gibb Bridge Arch over North Pond, at $13,981.00 and Morgan Brook Bridge, No 2, Greenwood, at $3,993.

Loss of 32 telephone sets was reported Monday by Clarence Todd manager of the Oxford County Telephone Company. A break was made at the company's Buckfield Saturday, by breaking a door panel. The telephones which could be converted to dial sets, were valued at $60.

ACROSS the DESK

digest from other editors

West Point, Miss., Times Leader: Labor dictators have long been able to force wage boosts without increased production to justify them. Their fine-spun argument that could be done without increasing prices is one of the causes of the buying slow-up today. Their expensive chickens are now coming home to roost and they aren't laying any golden eggs.

Nothing truer was ever said than "one man's wage is another man's cost." That is as inescapable as the fact that when government spending and government debt go up the value of the dollar goes down.

Rockland Courier-Gazette: The best elements of both white and colored population did not agree with the practice put into effect by State and later Federal troops. Now a man of authority, one of the most highly thought of jurists in Arkansas, has ordered a two and one-half year cooling off period in the school, a step long desired by right thinking people both white and colored.

It is our earnest hope that Gov. Faubus will show the good sense to maintain silence and that the National Association for the Advancement of Colored People will also show good judgment and let the situation work it self out as has been the case in so many southern communities where radicals of both sides have been silenced.

Sanford Tribune: Young drivers are often condemned as an entire group because a few of them are reckless. However, the greater proportion of young drivers are conscientious and law-abiding, particularly those who have taken driver training courses. Before adults put too much blame on the young people, they should cast an eye at their own behavior and the example they set.

Bellingham, Wash., Herald: A proposed curfew law would make parents responsible for their children. Then there might be consideration given to a law to make parents accountable to their children.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, July 31

Read John 14:15-21.

A new commandment I give unto you, that ye love one another; even as I have loved you, that ye also love one another. (John 13:34, ASV.)

SOMEONE has stated that among the virtues love is not known, because love is all of them contracted into one. We understand the meaning of such a statement when we accept and act upon the fact that "God is love." It is through His love that God always expresses His great goodness.

Christ, the perfect One, has given us a new commandment that is most significant for all time—as He loves us, so we are to love one another. That is very difficult in a world that is becoming more complex. With our human weaknesses, how can we measure up to the standard of love that calls for the exercise of all virtues?

Dare we try, as Christ has further commanded us, to be perfect, even as our Father in heaven is perfect? With the help of Christ, we can dare to be perfect in our thoughts, deeds, and expressions of love to one another in every area of life. Then we discover to our great joy and blessing that we are part of the leaven that promotes Christian love.

PRAYER: Heavenly Father, it is our desire to love Thee as we should and to love one another, as Christ, Thy Son, has taught and exemplified. May Thy gifts of power and love be upon us as we endeavor to fulfil this desire; through Christ our Lord. Amen.

Thought For The Day

Today I will try to love others as Christ loves me.

Conservation Farming In Oxford County

By Lyman W. Jacobson

Teachers make good students. The teachers from all over Maine who attended the summer session at Bryant Pond showed great interest in conservation. The writer assisted S. Von Day, soil conservation technician from Cumberland County, in conducting classes on soil and water conservation, at the Freeman-Waterhouse Campus on Christopher Lake. The teachers learned about soils and their capabilities and conservation practices. The classes were supplemented by field trips to observe conservation on the land. At Don Mason's farm in Woodstock the group saw diversion ditches, sod waterways and a farm pond. Future plans for stone wall removal in conjunction with contour strip-cropping were discussed and explained. At John McKeen's farm in West Paris the group saw an 824 foot tile line in operation in an orchard.

George Gilman of Stow has recently completed a dug-out type farm pond. Alvin Coleman of Conway, N H., constructed the pond with a dragline. The pond now has a capacity of some 94,000 gallons water. Cost of excavation ran about thirty-five cents per cubic yard.

The supervisors of the Oxford County Soil Conservation District held a tour on the occasion of their regular July meeting. They observed plantings of pine over a ten year period, on the District lot in Hiramfield. The survival is not as satisfactory from fall plantings as plantings made in the spring.

The group also checked effectiveness of poisoning by spraying with a helicopter, of competitive vegetation, such as so-called "scrub" oak. Poisoning does an excellent job of freeing newly planted pine seedlings from competition by other plants

August 25, 26, 27, are big days at Poland Spring House for soil conservation district supervisors from all over the Northeast. The occasion is the annual convention of supervisors from Northeastern U. S. Business meetings and tours of outstanding farms are on the agenda. Highlight will be a banquet on the 26th with the Hon. Frank Coffin as master of ceremonies.

MAN'S RECIPE

BEN'S BANANA CAKE

Fruit companies do an outstanding job today providing us with bananas around the calendar. Bananas are both delicious and nutritious, and it is easy to understand why they are such a favorite with so many.

Forty years ago on the farm, it was a big treat on Saturday evening when we did the week's trading at the general store in the village, if Father felt he could afford half a dozen bananas. If handled correctly, a 12-year-old could make a banana last a considerable period. The secret was to savor it and turn it slowly in one's mouth. I can still taste those delicious, rich, creamy banana puddings that Mother occasionally made.

Today's cake is one I originated. It isn't in Country Flavor Cookbook; it was not originated when the book was printed. Use one half cup butter or margarine, one cup sugar, two tablespoons light brown sugar, one egg beaten, one half teaspoon almond extract, one and three fourth cup flour, one teaspoon soda, one teaspoon salt, two thirds teaspoon cider vinegar, two thirds cup evaporated milk, one half cup chopped nuts, one and one third cups ripe crushed bananas.

Cream sugars with butter, and add egg mixed with almond extract. Blend. Sift in flour with raisins and salt. Add evaporated milk in which vinegar has been mixed. Mix all well. Add nuts and bananas. Heat for a couple of minutes. Bake in greased loaf pan at 350 about 50 minutes or until done.

UPTON

— Mrs. G. A. Judkins, Corres. —

Mr. and Mrs. Larry Davis and family have returned to their home in Bethel after a week's vacation here with her mother, Mrs. Elsie Douglass.

The Fuller reunion and picnic was held in Upton last Sunday, July 27th. They attended church in a body, and presented the Upton Church with a baptismal font. Stanley Fuller, son of Mr. and Mrs. Harold Fuller of Bethel, made the presentation speech. Mr. Christianson, the minister, accepted in the name of the Church.

A regular meeting of the Community Club will be held at the Grange Hall Saturday this week, with a special program planned. On Sunday there will be a picnic and sports at Judkins' Recreational Field.

Fred Judkins and two children attended the dairy show at Windsor last week, where the children entered their heifers and sheep.

Mr. and Mrs. G. A. Judkins took a week end trip to Phillips, returning by way of East Rumner, bringing home two of their grandchildren for a visit with Aunt Faith Abbott.

SOUTH ALBANY

— Mrs. Roy Wardwell, Corres. —

Mr. and Mrs. Arthur Wardwell, Jean and Jane, were in Bryant Pond, for the day Sunday.

Mr. and Mrs. Roy Wardwell called on Roy Kimball Sunday afternoon.

Mr. and Mrs. George Fullerton have bought a place in Bisbeetown and moved there.

Mrs. H. I. Dean visited with her cousins Hazel and Roy Wardwell Monday evening.

Very poor hay weather.

EXTENSION NEWS

The West Peru Extension Group are planning a picnic for August 5 at Bear Pond.

A sale of food and homemade articles is being held by the Newry Extension Group on August 15 at the home of Selena Chapman.

The Woodstock Extension Group are joining with other organizations in the town in holding a food sale the last of August. The purpose of the sale is to buy 24 chairs for the town hall. Mrs Lucia Verrill and Mrs. Sadie Lakeway are the committee for the Extension group

Mrs Fred Douglass gave a cake decorating demonstration at the East Bethel Extension group recently. One of the features was to "wash" the cake before decorating it. She indicated that it is best to do this the night before one plans to decorate it. Her directions are to add a little water to an egg white, stir enough to mix and cover the entire cake using a brush. This sounds like a new idea that ought to help prevent the frosting from sealing into the cake.

A survey by the Maine Agricultural Experiment Station showed the average investment of 35 Maine broiler farms to be $14,074. This included broiler houses, brooder systems, feeders, waterers, and other broiler equipment.

WASHINGTON Quiz

Q—Can you give me the total amount of Consumer Credit debt?

A—The total passed the $40 billion mark at the end of October and is still rising on both short and intermediate-term credit. Payments are slower but as of now are considered to be satisfactory.

Q—Can you give me the difference in the proposed Benson and Humphrey programs on corn acreage allotments for 1959?

A—As we understand it, assuming an average corn yield of 80 bushels an acre, Senator Humphrey would allocate 40 million acres to corn to produce 2,400 million bushels at a support price of $1.36 per bushel for a gross income of $3264 millions. Secretary Benson would allocate 31 million acres, to produce 2,480 million bushels at $1.31 per bushel to produce $3244 million gross income. But under Senator Humphrey's plan farmers in the commercial corn area would have 2 million acres left over for producing alternate crops or putting in the Conservation Reserve after realizing a gross income from corn of only $1 million less than under the Benson program. However the Benson program had it been adopted, would have given the Secretary permanent power to cut farm price supports as low as he wished after 1967.

Q—What is the official title of the Chief Justice of the Supreme Court?

A—It is "Chief Justice of the United States". The first seven chief justices were referred to as "Chief Justice of the Supreme Court of the United States." However starting with Chief Justice Fuller, followed by White, Taft, Hughes, Stone, Vinson and Warren, the present title was adopted.

Q—Is there any government power to overrule a decision of the Supreme Court?

A—Theoretically, No, except that decisions may be set aside by amendments to the constitution. However, the Congress, has hidebound certain decisions of the Supreme Court by changing the laws after a decision has been made. A case in point is the ruling on the Tidelands Oil cases.

From the files of the American Cancer Society

Yes! I had cancer

"Many people think cancer is incurable. They're wrong and I can prove it! So can 800,000 other Americans like me.

"On a gray morning in November, 1952, a specialist confirmed the diagnosis of cancer made by my family doctor. What he had to say reassured me.

"He explained that, thanks to my habit of having yearly check-ups, my doctor had caught the cancer in its early stage. It was localized and it could be completely removed by surgery. So, here I am as hale and hearty as if I'd never had cancer!"

That was 15 years ago, when only 1 out of 4 persons with cancer was being cured. Today, thanks to improved methods of treatment, and earlier diagnosis, 1 person in 3 is being saved.

And with present knowledge, it can be 1 in 2. If everyone observes two simple precautions. Have a health checkup annually. Keep alert for cancer's seven danger signals.

Progress in the American Cancer Society's fight against cancer depends on the dollars donated for its broad, nation-wide program of research, education and service to the stricken.

Help to swell the ranks of people saved from cancer. Fight Cancer with a Checkup and a Check. Send a check with the "Cancer" card of your local post office.

"Watch Out When Kids are Out." This warning was offered to Maine drivers today by the Maine Highway Safety Committee as it urged all drivers to give their complete cooperation to the child safety program. Child pedestrians and bike riders may hear safety lectures constantly at home and at school, and forget them completely in the excitement of trying to flag down a long fly ball or in the enthusiasm of soaring through space on his bike. Let's remember that these kids are frequently lost in their dream-worlds as they pattern their lives after their sports and TV heroes. In spite of all the safety training they may receive, there are times when they are just plain irresponsible. If a driver is daydreaming at the same time, the results could be tragic for all concerned.

"Speed control" is nothing more than "self control." Good driving conditions sometimes influence us to press a bit too heavily on the accelerator, the Maine Highway Safety Committee cautions. At such times, we really need to practice self control and keep driving speeds reasonable.

Sherman Maddix has been spending a few weeks with his grandmother at Norway.

The work on the addition on the Andover high school is progressing well. Superintendent Harvey McGuire of Mexico said in a recent interview that he expects the four room addition will be completed and ready for occupancy when school reopens in September. Raymond Akers is the contractor and Bill Crooker the head carpenter.

The new addition will be a 7th and 8th grade room; a room especially built for the sub-primary; a room for lockers, showers and lavatories; and one spare room. There has been a narrow addition made to be used for a typewriting room and Principal's office.

Supt. McGuire has hired George Lord of Mexico to fill the vacancy of principal left by the resignation of Lauriston Weymouth. Fletcher Alley of Jonesport will return as the commercial teacher. At this writing the assistant and the teacher for the 7th and 8th grades had not been signed.

The one room school at East Andover will be closed and those pupils will be transported to the Elm Street School. This school, last year, had grades 1, 3 and 4. Mrs. Elsie Dresser was the teacher.

The following teachers and grades will be at the Elm Street School: Grades 1-2, Mrs. Marie Lang; Grades 3-4, Mrs. Elsie Dresser; Grades 5-6, Miss Florence Hall. She will also serve as principal. Mrs. Laura Learned will teach an ungraded room. All these teachers are from Andover. Mrs. Roberta Learned will continue the Sub-Primary but this will be in the new addition at the High School building. This room is connected to the recently built gym and can be used by the small children on stormy days.

Mr. Lord is a graduate of the University of Maine. He taught three years at Brownville and last year taught at Mexico. He and Mrs. Lord will live in the Zatoll rent in house formerly known as "The Homestead."

Members of the Andover School Board are Kenneth Feener, Frank Morgan and Bill Crooker.

COUNTRY FLAVOR

MATURING YEAR

This is an interlude when the natural forces that govern our flowering world seem in balance. No longer the pulsing urgency of spring; no longer the feeling of strong growth as crops change from lines of green above brown soil to thicker, wider rows.

Twice in that cycle of time that we label Year, he who is sensitive can feel the balancing of forces. In February and again in the eighth month, one feels that Earth is waiting. There is a sense of balanced power, a quiet pause until the tide of Time is resumed. As August works along a countryman knows that summer is growing tired and that days are marching stolidly by toward Autumn's threshold.

"Six weeks until first frost" the countryman said to himself when he tore July's page from the calendar. But between August first and first frost there comes one of Year's fundamental periods. While hot, humid days pass by, the Great Plan is being fulfilled. After the seed is put in Earth's breast and the time of cultivation is passed, there comes the time of maturing.

Thus it has been since ancient days when our climate was established with its four rhythms in an annual cycle. Each turning year the ancient promise is fulfilled. Life is a series of profound rhythms. In the fulfillment of all life forms, the power is great and the urgency pressing. The plants that give man his food and spread beauty on the landscape, press forward to fulfill their destiny.

But when the urgency is done, there comes the period of maturing. Now quietness replaces the haste of spring. This is the maturing time of year; this is the quiet period. —Haydn S. Pearson

HOW TO DRIVE

A tip from the AAA's driving guide for adults.

TOWING CARS WITH AUTOMATIC TRANSMISSIONS

The modern automobile is pretty reliable transportation, but the car has never been built that absolutely, positively will not break down. There was a time when cars that wouldn't start could be pushed or towed in any way that was convenient, but that was before automatic transmissions. According to the AAA's new book for adult drivers, HOW TO DRIVE, improper towing can seriously damage automatic transmissions. The AAA suggests that a motorist study the owner's manual for his particular car to learn if it should be pushed or towed. All cars with automatic transmissions should be towed at low speeds and only for short distances, unless the propeller shaft is disconnected or the rear wheels are elevated. ©

FULLER REUNION

On July 27, as many of the Fuller family as possible attended the dedication services at the Upton Congregational Church for the Fuller Memorial. The dedication speech was given by Stanley Fuller as follows: "The family that prays together stays together. This has long been a tradition of the Fullers in years and generations past. Since this is the church where they came to raise their voices to the Almighty, it seems fitting and proper that we, the Fullers of this generation should give a memorial in their remembrance. So, 'In loving Memory of Lysander and Phoebe Brooks Fuller,' I now dedicate this baptismal font to the Upton Congregational Church this July 27, in the year of our Lord, one thousand nine-hundred and fifty-eight."

Mr. and Mrs. Harold Merrill and daughter, Betty, Lee, of Grants, N. M., and Mrs. Roy Ostrom and son, Johnny, of Brooklyn, N. Y., were special guests of the Fullers at this dedication.

Since the day was a cold and dreary one, Dan Barnett extended an invitation for the twelfth annual Fuller Reunion to be held at his home. At noon lunch was enjoyed by everyone. After the business meeting, each one extended his "how do you do" to everyone.

Those attending were: Mrs. Louise Lawson, Hanover, Me. and Mrs. Robert Rose and Lette Ann, Mr. and Mrs. John Fuller, Portsmouth, N. H., Mr. and Mrs. Leslie Coburn and Mike, Mr. and Mrs. Harold Fuller, Stanley and Betty Ann, Bethel; Mr. and Mrs. Ellsworth Curtis, Sr., Welchville; Mr. and Mrs. Ellsworth Curtis, Jr., Tommy and David, West Paris; Mr. and Mrs. Herman Fuller and Rachel, Casco, Mr. and Mrs. Everett Blake, Edward and Douglas, Berlin, N. H.; Mr. and Mrs. Porter Swan and Keith, Bryant Pond; and Mr. and Mrs. Gerald Gallant, David, Colleen and JoAnn, Mexico.

SONGO POND

— Mrs. Ralph Kimball, Corres. —

Friends here of the Joe Zappa family of Canton, Mass., were saddened to learn the first of the week of the sudden death of their oldest son in an automobile accident. His younger brother, Joey, recently spent a week with Warren Lapham.

Mr. and Mrs. Willis Bean visited relatives in Rangeley over the week end. Little Miss Muffet who had been visiting there returned home with them.

Mr. and Mrs. Edroy Curtis and daughter, Mrs. Sherman Callahan and her two little girls, Linda and Cindy, of Mechanic Falls, were Sunday visitors at Ralph Kimball's.

Deferred

Howard Lapham and William Kimball received painful injuries last week end when the horse Mr. Kimball was driving ran away.

Miss Wilcen Bean is spending this week with her grandparents in Rangeley.

Mr. and Mrs. Ralph Kimball and family were calling on friends at Rumford Corner, Sunday.

Miss Polly Tompkins, Dean at Vermont Junior College, is visiting Miss Ivy Philbrook.

BORN

In Norway, July 27, to Mr. and Mrs. Ronello Cummings of West Paris, a daughter, Trudie Lynn.

In Rumford, July 24, to Mr. and Mrs. Raymond Bennett of West Bethel, a daughter.

In Norway, July 23, to Mr. and Mrs. John Chase of Bryant Pond, a daughter.

DIED

In Rumford, July 29, Carroll E. Abbott of West Bethel, aged 59 years.
